Cemetery fees are determined by the Rushworth Public Cemetery Trust, but have to be scrutinized by the Health Department prior to being gazetted. The fees are necessary to enable the Trust to pay its contractors and to provide funds for the administration and ongoing maintenance of the cemetery. It is also a requirement that the Trust creates a fund for asset replacement and the long-term (perpetual) maintenance of the cemetery. If you have any questions about the fees, please contact a member of the Trust.
