

Child of Mr and Mrs James Potter, junr.

Rushworth Chronicle

22 February, 1918

Mr and Mrs Jas. Potter, junr., Rushworth, suffered a severe loss in the death of their infant child on Thursday morning.

The child was about ten weeks old, and the cause of death was convulsions.

Without a given name, it is not easy to confirm from cemetery records, but surely this child must have been buried at Rushworth.
