

## **Fred Harriman**

**Rushworth Chronicle**

**13 November, 1903**

It is with much regret that we have to report the death, yesterday evening, of Mr Fred. Harriman, son of Mr Thos. Harriman, from pneumonia.

Deceased, who had not long since reached his majority, being but 22 years of age, was only taken ill on Sunday last, and appeared to be making satisfactory progress up to a short time before his demise, a violent fit of coughing bringing about the end unexpectedly.

The remains will be interred in the Rushworth cemetery on Saturday afternoon, the funeral being timed to leave the parents' residence at 2 o'clock.
