

Master LeRoy
(son of Mr and Mrs W. LeRoy)

Murchison Advertiser

12 February, 1915

Mr and Mrs W. LeRoy, Rushworth, suffered a severe loss in the death of their infant son last week. The little fellow, who was but five months old, has been ailing with marasmus for some considerable time, and was in a pitiable condition.

Several doctors had been consulted, but failed to affect a cure, and death came as a happy release to the little fellow's suffering.
